SUBJECT: Minor Permit Extension Letters

FROM: Kenneth H. Mosbaugh, Water Compliance & Permits Coordinator  
Washington Operations Office

*Kenneth H. Mosbaugh*

TO: Donna Wilson  
Permits Section-M/S 521

I have completed a review of permit status for each of the minor permittees on the list that you sent on March 6.

Based on this review, I have determined that minor permit extension letters should be forwarded to the following minor permittees which are operating under expired permits:

1.	Makah Air Force Station	WA-002243-8
2.	<u>Leavenworth National Fish Hatchery</u>	<u>WA-000190-2</u>
3.	Entiat National Fish Hatchery	WA-000188-1
4.	Winthrop National Fish Hatchery	WA-000259-3
5.	Spring Creek National Fish Hatchery	WA-000022-1
6.	Carson National Fish Hatchery	WA-000020-5
7.	Willard National Fish Hatchery	WA-000019-1
8.	Quilcene National Fish Hatchery	WA-000107-2
9.	Abernathy Salmon Cultural Laboratory	WA-000050-1
10.	Little White Salmon National Fish Hatchery	WA-000021-3

Please arrange to have minor permit extension letters sent to each of these permittees.

The Makah National Fish Hatchery Application No. WA-003063-5 covers a proposed new minor discharger for which an initial NPDES permit has not been issued. Therefore, it would not be appropriate to send a minor permit extension letter to this entity.
